Concerning EPA Disclosure Information

If you submit information to EPA and claim any of it as confidential, EPA will publicly disclose that information only as allowed by the procedures set forth in 40 CFR Part 2. If no such claim accompanies the information when it is received, EPA may make that information public without further notice to you.

Confidentiality Statements

Chemical substance identity and other information reported to EPA on the above form may be claimed as confidential by checking the appropriate CBI boxes. The person signing the certification statement attests to the truth of the following four statements concerning all information claimed as confidential:

1. My company has taken measures to protect the confidentiality of the information and intends to continue to take such measures.
2. The information is not, and has not been, reasonably obtainable by other persons without our consent (other than through discovery based on a showing of special need in a judicial or quasi-judicial proceeding).
3. The information is not publicly available elsewhere.
4. Disclosure of the information would cause substantial harm to our competitive position.

The person signing also attests to the truth of the appropriate statement(s) below concerning the information specifically claimed as confidential for the particular chemical substance. By checking the CBI box under:

Company Name: I assert that the linkage between my company identity (including the names of any persons appearing on the form) and the information submitted on the form is confidential.

Chemical Identity: I assert that the identities of the chemical substances so claimed are confidential.

Activity: I assert that the nature of the activity (manufacture vs. import) is confidential.

Site Limited: I assert that whether or not the chemical substance is distributed for a commercial purpose outside of the plant site identified on this form is confidential.

Plant Site: I assert that the linkage between the chemical substance and the plant site identified on this form is confidential.

Production Volume: I assert that the production volume of the chemical substance at the plant site identified on the form is confidential.

When claiming the identify of a chemical substance as confidential, you must provide written substantiation for such claims (see reporting instructions). Failure to do so may result in EPA making that information public without further notice to you.

Paperwork Reduction Act Notice

The annual public burden for this collection of information, which is approved under OMB Control No. 2070-0070, is estimated to average between 13.8 and 21.88 hours per response. According to the Paperwork Reduction Act, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing or providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB number. The OMB control number for this collection appears above. In addition, the OMB control numbers for EPA's regulations, after initial display in the final rule, are listed in 40 CFR part 9.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden (including the use of automated collection techniques) to: Director, Collection Strategies Division, U.S. Environmental Protection Agency (Mail Code 2822), 1200 Pennsylvania Avenue, N.W., Washington, D.C. 20460. Include the OMB control number in any correspondence, but do not submit the completed form to this address. The requested information should be submitted in accordance with the instructions accompanying the form, or as specified in the corresponding regulation.

Instructions for Completing the 2002 PDF Version of the Form U

1. Fill out information on the screen using the fielded boxes. Enter information only when available or required. Header information entered on page 1 will automatically appear on page 2.
2. Use the “tab” button or mouse to enter the cursor in each field. Type the information in as required. Use the mouse to “click” the CBI check boxes as appropriate. Drop down boxes are used for the entries for State and for the Block C and Block D Codes. See page 3 of the form for allowable values.
3. Use the continuation sheet on page 2 as needed.
4. When completed, print the form, sign both the first page and any continuation sheets needed and mail to:

ATTN: Inventory Update Rule

EPA Security has pre-approved uniformed couriers for access into EPA Headquarters buildings. Uniformed couriers may enter EPA East (i.e. the former Interstate Commerce Commission building) through the loading dock which is accessible from 12th Street, N.W., or via the Constitution Avenue entrance.

Non-uniformed couriers, messengers, vendors, and representatives of other service organizations must report to main entrances. Security guards have been instructed to have the courier call the Confidential Business Information Center (CBIC), (202) 564-8930/8940. A CBIC staffperson will meet the courier at the entrance and will sign for any deliveries there.
